

OM JI KESHARWANI

Full Stack Developer

📍 Prayagraj, Uttar Pradesh 📞 +91 7398072172 ✉ kesharwanio685@gmail.com [🌐 LinkedIn](#) [🐙 GitHub](#)

Education

Indian Institute of Information Technology, Design and Manufacturing

Bachelor of Technology in Smart Manufacturing

August 2023 – July 2027

Jabalpur, Madhya Pradesh

Relevant Coursework

- Data Structures and Algorithms
- Web Development

Projects

QuickAI – Multi-Feature AI SaaS Platform | *Next.js, React, Node.js, Clerk, PostgreSQL, Gemini AI* [Github Link](#)

- Developed a full-stack AI SaaS platform offering multiple AI-powered tools including content generation, document summarization, image generation, and productivity assistants using Gemini AI APIs.
- Designed secure authentication, role-based user management, and subscription workflows supporting scalable multi-tenant SaaS operations.
- Developed reusable frontend components and optimized API interactions using Next.js and React, delivering fast page loads and seamless user experience.
- Integrated cloud-based data storage, API orchestration, and payment-ready SaaS architecture with real-time request handling and efficient backend operations.

Library Management System | *Next.js, TypeScript, PostgreSQL (Neon)*

[Github Link](#)

- Built a full-stack Library Management System using Next.js, TypeScript, and PostgreSQL with scalable architecture.
- Implemented authentication and role-based access control for secure user and admin workflows.
- Developed advanced search, filtering, and pagination to improve book discovery and usability.
- Designed a book borrowing system with due-date tracking, automated email reminders, and PDF receipt generation.
- Created an admin dashboard for managing users, books, and analytics, with performance optimization using caching (Redis).

Skills Summary

Languages : C++, JavaScript (ES6+), SQL, HTML, CSS, Python

Tools and Platforms : Git, GitHub, Postman, VS Code

Frontend : React.js, Redux Toolkit, Tailwind CSS, NEXT.js

Backend : Node.js, Express.js, REST APIs

Databases : MongoDB (Mongoose), PostgreSQL

Soft Skills : Problem-Solving, Debugging, Analytical Thinking

Achievements

Competitive Programming and Problem Solving

- Achieved **Specialist** rating on **Codeforces** by consistently solving algorithmic problems.
- Secured **All India Rank 1066** in Codeforces Round 1086.
- Regularly solving Data Structures & Algorithms problems on **LeetCode**.

Code Rumble Contest – Team Participant

- Participated in **Code Rumble**, an ICPC-style programming contest organized by the institute.
- Achieved **4th position** with the team among participating teams.
- Strengthened teamwork, coding speed, and problem-solving under time pressure.

Leadership and Extracurricular Activities

Branch Website Development – Team Collaboration

- Collaborated with team members to design and develop the official branch website.
- Contributed to improving website layout, functionality, and user experience.

HackByte Hackathon – Team Participant

- Collaborated in a team to design and develop a working solution under strict deadlines.
